Plug in the pump in a box**

FLUDKIT

In case of emergency flood.
The "plug n Play" complete Kit

Always be prepared!

The FludKit System is built for
your peace of mind.

It's in disastrous times when you
need quick easy solutions to your
property problems, when floods
strike you need a simple solution to
remove water from your home or
office.

Keep your emergency flood pump
ready - it can remove 8500 litres of
water per hour - it's simple, just
"plug and play"

The system is "job ready",
So no tools required to set up.
Simply unroll the pipe and plug in the pump.

All connections from pump to pipe supplied with kit

- Battery powered flood alert system;
"exclusive to us".
- 80Db siren
- detects water as low as 2mm depth
- 10 metre of high quality PVC
Hose reinforced with synthetic
fibres for long working life.

- Motor has thermal overload protection
